COOKED FOOD HALLED TO THE WORKING MEN DAILY.

THEY ARE " FLOATING HOTELS."

Colored Women Have Rigged Up Loafing Mules a Job-Thousands Served and Much Money Made

Even in a quiet, conservative city, such as Richmond, one who keeps his eyes open cannot help observing things that are odd, if not "new under the sun." People dress very much allke in the main, but under close scrutiny their manner and material of dress are widely dif ferent. Men have many different occu pations and live under much varying

fast at 6 o'clock, dinner at 12, and supp from 6 to 8. This is so all the ye FLOATING HOTELS.

Eating suggests it. Perhaps many have of thought, that besides her in

things, more dainty and gracious to the appetite, are cooked up. There are pland cakes, which are ited and speck! so that a working man's money doesn't WAGON IS A PEACH.

When everything is ready the wags s loaded. The vehicle is almost witho exception a tumble-down, broken-u fact, often necessary for the observer stop wasking himself to find the sta ure of this get up is that no one is ev

the man plunges about in his clothes until he finds a 5-cent piece. He fills his bucket with stew, or bacon and cabbage, and his bucket-top with hot bread. Then he feasts, Oftentimes he sips hot coffee. There is no telling how much food is thus cooked up and eaten up each day this way, and how much money is made. The colored women say it beats washing g a vehicle and team. This is, joking ide, a great business. There are thousands of men who belong to the tin-bucket brigade, and not one of the color-

The dinner this monopolized much of the colored la-that the "coman" at home fixed up is bor in half a dozen counties, for the organization attracted colored folks from many parts of Virginia, and also from Maryland and a number of cities, swell-ing the crowd to something like 2,600, including, of course, a large percentage of the labor needed in the corn-fields. RELIGIOUS NOTES.

RELIGIOUS NOTES.

Round-Hill, Shiloh, Oakland, Montague, and Potomac Baptist churches, in this county, have concluded their summer protracted meetings, and the meeting at Fletcher's chapel (Methodist) is now in progress. Rev. T. J. Wray, the pastor, is being assisted by Rev. Mr. Jorden, of Ashland.

Rev. A. T. Lyan, of Stafford, returned home to-day from Weatmoreland, where he spent the week preaching for Rev. G. M. Conolly, at Oak-Grove Baptist church. Mr. Lynn will begin meetings to-morrow morning on his charge, and will be engaged at his several churches until about Cerober.

Rev. J. W. T. McNiel, who has been pastor of Potomac Eaptist church here since the spring of 1855, when he was a student at Richmond College, concluded his pastorate and severed his connection with that church this wark. He was from here to Gordonsville to accept a pastorate there. Mr. McNiel was very much beloved by the King George people.

Mr. P. B. Purks, bricklayer and plasterer, of this place, has been called to Maryland to do the masonry and plastering of an immense hotel to be erected immediately at Chesapeake Reach, a new

POLITICAL. Mr. McDonald Lee's candidatey for the State senatorial nomination here in the Thirty-sixth Senatorial District gives a new phase to Northern Neck politics. Had anchored deep in the lee is a prominent, popular, and Mr. Lee is a prominent, popular, and Through his sleep. new phase to Northern Neck politics.
Mr. Lee is a prominent, popular, and
good man, well qualified for the high postilon to which he aspires, but his extrems anti-Tyler views and course as an editor will doubtless result in his defeat in the nominating convention. A careful canvass of public sentiment shows that if Tyler has a strong hold anywhere it is

here in Mr. Lee's district.

Since the storehouse and stock of merchandise of Mr. J. C. Ninde, of this county, were destroyed by fire one night in the early part of inst week, the theory of incendiarism has steadily gained ground. A letter to the Dispatch correspond to the corresponding to the correspo spondent, written from that neighbor-hood, states that suspicion points to a person near that place, and developments are hourly expected. Mr. Ninde's stock of goods were uninsur PERSONAL

(The Lancet.)

A long series of experiments has teconity been made by Professor H. Griesebach, of Basle, upon the relative acuteness of the senses of hearing, touch, smell and smell, in the case of the blind and and those who was differences did exist they were in favor of the seeing. In those born blind the actile sharpness was somewhat less ian in the seeing, and in some cases the sensorium generally was equally defect-ive. The blind in particular feel less acutely with the tip of the index finger than do those who see, and in many cases the tactile acuteness of the two dex finger ups differs. In the blind, cially in the region of the

seeing or the blind.

observed in the two classes in regard to the acuteness of smell. In the execution of manual labor the blind become fatigued sooner than do those of equal age who see. are more fatigued with manual than with mental work, which is not the case with the seeing of the same age. If any difference exists in regard to exhaustion after mental labor it is in favor of those or the same age who see. Both among the blind and the seeing there are per-sens who have many, others who have only a few, and others again who have

These results are in many respects onposed to generally received opinions, for it is usually supposed that deprivation of sights leads to exaltation of the acute-ness of the other senses, especially of he touch and hearing.
